The Library – 2000 e-books

The **Reading Eggspress** Library has more than 2000 e-books on its shelves. It spans quality literature, poetry, and drama texts, as well as a wide range of informational texts on historically significant and topical world issues.

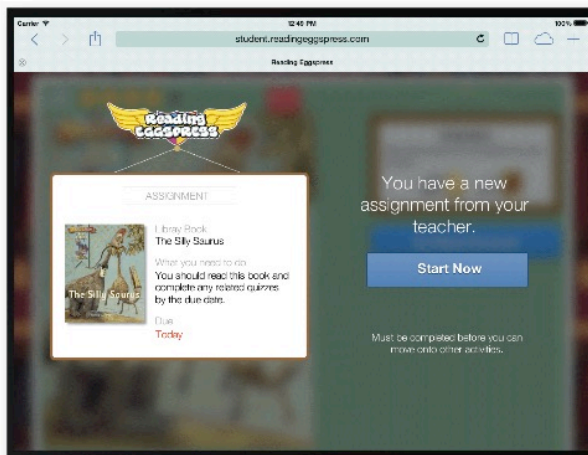

What does The Library offer your students?

- Books for all students from K – 6, Levels 0 – 34, Lexiles BR – 1680L.
- Books that meet grade-specific text complexity demands for all students.
- Engaging levelled questions for each book to assess reading comprehension.

NEW Assign books and lessons

New teacher tools allow you to assign books or lessons to individual students, groups, or the whole class. The manage assignments screen displays your students' results.

Assign books for students to read.

Library Reports

Reports show how many books students have read, type of book, word length and students' quiz scores. The totals provide an excellent overview of a student's progress – books read, total words read, reading age and quiz average.

Library Book Features

Children can 'fave' a book and bookmark where they are up to. They can also rate and review each book. When students first choose a book, they can read other students' book reviews and see its rating.

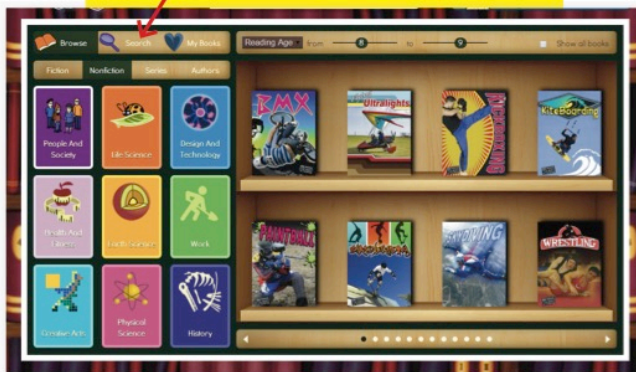

All books can be accessed on iPads, tablets and all computers with Internet access.

How to find the books you need

1 Search Online

Use our extensive search functions in the library. You can **search** for books by **topic, series, author, reading age, lexile** or **book title**. To locate texts about Machines for a Year 3/4 class:

Select search, type in Machines

Drag the pointers to specify an age range or Lexile. The shelves display books for you to browse.

2 Find levelled books

Use this catalogue to browse for books by Lexile level.

3 Find books to match the Australian Curriculum

See pages 109–126 for charts that link Australian Curriculum content to books in the Reading Eggspress Library.

Levelled books for K – 2

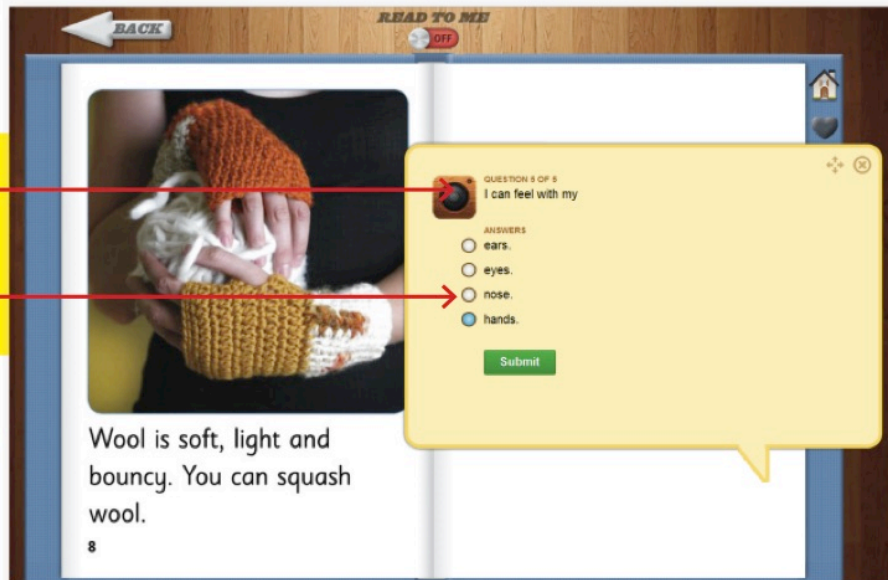

More than 700 titles!

At these early levels there are a range of books that address foundational reading skills of phonological awareness and phoneme-grapheme correspondences. These are supported by quality early readers in both literature and informational texts. For independent and home reading, all books in levels 0 - 20 have audio support.

- Read aloud audio acts as an excellent model of fluent reading

Levels 22+ Years 3 – 6

The **Reading Eggspress** library includes high interest literature and informational texts for readers at any stage. You can assign students books or chapters to read and be sent detailed reports on their progress.

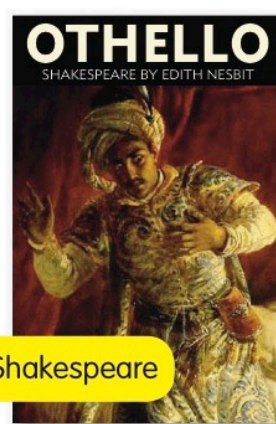

Quality is paramount for your students and we understand this. For your multicultural classrooms we have folktales and myths from diverse cultures all around the world. Our library offers classical abridged literature titles from the likes of Shakespeare and Hans Christian Andersen, as well as poetry from Australian greats like 'Banjo' Paterson. These appear alongside engaging informational texts encompassing World history, geography, sport, cultures and government. Our books will equip students with the knowledge and reading skills needed to be ready for their future.

Reading EGGSPRESS

Read more. Read well.

Research has shown there are 4 key elements needed in literacy programs that aim to improve reading outcomes for 5 – 13 year olds:

- 1 Students need to read more: both at school and at home.
- 2 Match students to text: Reading materials need to match students' reading ability and interests.
- 3 Effective comprehension instruction: Students need to understand and think about what they read using a range of comprehension strategies.
- 4 Motivation: Students are motivated to keep reading and learning.

What is Reading Eggspress?

- Reading Eggspress is designed to build English and comprehension skills, for students in grades 1 – 7 (7 – 13 year olds).
- The Reading Eggspress website has an enormous range of learning resources, lessons, motivational games, e-books and a comprehensive reporting system that together create a unique learning environment.
