In this book

The **Reading Eggspress Comprehension** program shows students how to understand the literal meaning of a text and its vocabulary, and its inferred meaning. This workbook has 20 step-by-step lessons, over four terms, that teach key strategies for students to use when they read. Each lesson uses a levelled extract and focuses on a single comprehension strategy. The lessons align with the following components of the Australian Curriculum:

Australian Curriculum content codes and descriptions

ACELA1596 – Draw connections between personal experiences and the worlds of texts, and share responses with others

ACELT1599 – Discuss how language is used to describe the settings in texts, and explore how the settings shape the events and influence the mood of the narrative

ACELT1600 – Discuss the nature and effects of some language devices used to enhance meaning and shape the reader's reaction, including rhythm and onomatopoeia in poetry and prose

ACELY1675 – Identify the point of view in a text and suggest alternative points of view

ACELY1679 – Read an increasing range of different types of texts by combining contextual, semantic, grammatical and phonic knowledge, using text processing strategies, for example monitoring, predicting, confirming, rereading, reading on and self-correcting

ACELY1680 – Use comprehension strategies to build literal and inferred meaning and begin to evaluate texts by drawing on a growing knowledge of context, text structures and language features

Mum shook her head. "I don't think so, dear. I don't run a taxi service. You'll have to walk."
